MEDIA RELEASE

19 Karen Contemporary Artspace has been bringing exciting art and events to the Gold Coast for eleven years.

This new show will be our biggest and most adventurous event to date.
What a way to end the year!

We'd like you to join us for a

'THREESOME'

One hundred artists.

Over 200 artworks.

This is going to be HUGE!

OPENING 30TH NOVEMBER

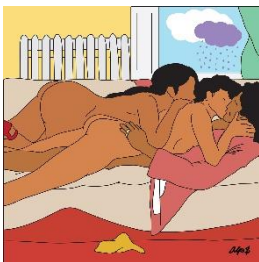

A selection of artists from across Australia and around the world - hand picked by our Galley Director Terri Lew - were invited to participate.

The works were to be 40 x 40 cm and the theme was a play on the word - 'Threesome' - leaving the art open to a wide variety of subject matters and approaches.

What has resulted is a very strong collection of works, showcasing some of the most exciting contemporary artists on the scene today.

From across the globe, this is an intoxicating collective of styles and genres the likes of which the Gold Coast has never seen before - and may never see again.
