MEDIA RELEASE

October will be a feast of colour as we present two highly anticipated shows.
Two very well-known European artists are on their way!

Antonyo Marest (Spain) - Solo Show - The Golden State
Jisbar (France) - The French Connection
Opening Night - Saturday 12th October 2019

Antonyo Marest (Spain)- The Golden State

Summer, palm trees, beaches...
Welcome to The Golden State

Travelling the globe, Antonyo absorbs graphic culture from around the world which presents itself in his colourful, geometric creations.

His work can be found all across the world on everything from buildings, cars, parklands, skateparks and of course on canvas.

He has collaborated with many brands including Long Days

Skateboards, Paracia Footwear, Vans Shoes and Absolut Vodka.

And now he is bringing his unique style to Australia!

In his debut Australian show at 19 Karen, Antonyo has created an amazing collection of works inspired by the beaches of Australia.

He will also be transforming the walls in Room81 at Sofitel Gold Coast Broadbeach as he paints a mural in the newly renovated bar/restaurant.

Jisbar (France) - The French Connection

Good vibes and summer – sunshine and blue skies.
The icons and symbols in art that I love.
Mixing things up that seem to have no link at first and giving them a new sense.
Bringing them all together and bringing them to Australia.

French Pop sensation Jisbar's creations are a reflection of a society deeply immersed in pop culture and of a generation rocked by the media.

This nostalgia of a time past and the innocence of his childhood are captured in his paintings, where the power of the colour plays an overriding part.

He has shown his work around the world and collaborated with brands such as BMW, Hermes, Audi and Armani.

And now he is coming to Australia!

His works sell almost before they hit the gallery and this show is no exception with 9 works already having red dots on them.

Two exciting shows to thrill the senses. A colourful feast for the eyes.

The two shows will run until 23rd November 2019.
